## Key Highlights

**Industry Leadership:** INTREN has proven itself a leader in electrical and utility services, with a proven track-record spanning more than three decades.

**Project Portfolio:** The company has completed tens of thousands of construction and civil engineering projects across the United States, proving its experience and capabilities.

**Strategic Growth:** As part of the MasTec family, INTREN has used synergies to fuel its expansion and enhance its market position.

**Recognition:** INTREN's climb to eighth position in ENR's utility work category and 65th out of 600 specialty contractors nationwide underscores its growing influence and ability in the industry. Additionally, their ranking of third among the nation's top 10 MBE firms has opened doors for strategic partnerships and growth opportunities.

INTREN has solidified its reputation as a versatile and dependable contractor in the industry. The company's extensive portfolio encompasses a wide range of major projects, highlighting its capability to manage complex and large-scale endeavors across the United States. INTREN's acquisition by MasTec, a leading infrastructure construction company, has further strengthened its position in the market and expanded its resources. This strategic move has enabled INTREN to leverage MasTec's extensive network and ability, potentially opening up new opportunities for growth and innovation in the specialty contracting sector.

**Strong Relationships:** Through the years, INTREN has demonstrated their capability to manage large-scale, complex infrastructure initiatives and its strong relationships with major utility companies across the country:

- ComEd in Illinois
- Pacific Gas & Electric in California
- Exelon family of companies  
*PECO Energy in Philadelphia, Baltimore Gas & Electric, and PEPCO in Washington, DC.*
- Duke Energy

**Nationwide Reach and Diversity:** INTREN's nationwide presence allows it to serve clients across the country, offering local ability with national resources. As a certified diverse supplier, INTREN offers clients access to diversity of thought and experience, which can be beneficial for meeting diversity goals and bringing fresh perspectives to projects.
